DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The prior art of record, both alone and in combination, does not disclose nor reasonably suggest the combination of features as claimed and arranged by applicant.

Claims 1, 4-7, 10-12 and 16-23 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 13-15 51 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Per the interim 101 guidelines, signal claims are considered non-statutory. The storage medium as defined in applicants specification on page 7, includes information recording media such as magnetic disks and CD-ROMs, but also network based transmission media such as the Internet and digital satellite (signals). The Examiner suggests applicant consult the interim 101 guidelines for further guidance.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 13 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Applicant appears to be mixing the storage medium with the program, which appears to be a method. The Examiner suggests applicant clarify the claim.
